EXPLORADORA COFFEE

- Thoughtful coffee. From source to service. Women grown premium coffee. Where every bag purchased supports community empowerment.

Exploradora is the feminine form of "scout" in Spanish. We love all that Exploradora stands for:

Learning Growing Dreaming Exploring

We want to see communities from all over the world impact each other. Exploradora connects the dots - sourcing thoughtfully and empowering others.

Taste our growing list of amazing women-grown coffees and know that your dollars are going to work in coffee country and main street America.

Experience Dining

Let our team of culinary experts and industry leading dining professionals transform your workplace café into an experience custom to your needs. At American Dining Creations no two of our corporate dining partners are alike. Yet many of our competitors have a one size solution. For this reason we pride ourselves in creating programs that have the stability of a national brand, with the flexibility and innovation of an industry leader.

Starbucks “We Proudly Serve”

Bring the same café experience you have grown to expect to your place of work. The Starbucks *We Proudly Serve* program makes this dream a reality. Built to suite your needs this program can be as simple as drip coffee for your employees or as extensive as a full espresso and Frappuccino expression.

Distinctive Office Coffee

We carry an extensive selection of office coffee options to accommodate all tastes and budgets. Transform your office into an experience that refreshes and inspires your team.

Advanced Micro Markets

Our REFRESH express micro market solution offers the perfect enhancement to any office. With sleek, custom design, 24/7 access, and an unparalleled selection of fresh culinary and refreshment choices, there is no wonder why REFRESH express is the fastest growing micro market system in the industry.

Cutting Edge Vending

We are also the industry leader in the field of vending technology. We provide the latest, most technologically sophisticated and environmentally friendly vending equipment. Stocked daily by our professional and courteous vending attendants.

State-of-the-Art Water Filtration

Utilizing the most sophisticated water purification equipment on the market, our expert team of water specialists can customize the perfect water program for you.

tempo

Tempo Coffee & Tea Company

Like with any craft, both time and measured tenacity are required to achieve absolute perfection, we call that Tempo.

Lighthouse Blend

A blend of Guatemalan and African beans, this blend is a bright, light roast with a citrus finish.

Roast Level: Light/Medium

Metropolitan Blend

A crowd pleaser, Metropolitan Blend has been our most popular brew since 1991. A mix of Peruvian and Brazil beans with a roasted almond aroma.

Roast Level: Medium

Café Noir

With each sip this classic, full bodied dark roast coffee will transport you to a late night café. A bold flavor with nutty undertone.

Roast Level: Dark

Calm Seas

This decaf classic blend has a medium body and a balance finish like the calm seas from which it was water-processed.

Roast Level: Medium

Jumper Cables

Not for the faint of heart, this high performance blend will kick-start your day. Jumper Cables is a South American blend roasted light to preserve as much caffeine as possible.

Roast Level: Light Roast

Big Bottles... Big Disadvantages.

Lifting - Bulky 5 gallon water bottles weigh nearly 45 lbs and the constant lifting of these bottles by your employees is a workers comp claim waiting to happen.

Storage - All of these water bottles clutter your office and take up valuable space.

Sustainability - Americans throw away 22,000,000,000 plastic bottles in the landfill annually, and every 8 oz of "clean" bottled water requires more than 2 oz of oil to produce!
